

REGULATIONS FOR GUESTS WITH PETS

The stay within the *Tenuta Agricola Fraschiera* implies full acceptance of this regulation in all its parts. Non-compliance can lead to the recall and, in serious cases, to the forced removal at the discretion of the management; management also reserves the right to make changes or additions to the articles already contemplated and mentioned below.

- Guests, pet owners, are always obliged to lead their animals on a leash no longer than 1.50 meters and to always collect any excrement, both outside and inside the Estate;
- Guests, pet owners, are obliged to always have a muzzle (rigid or soft) with them, to be used in case of risk for the safety of people or animals or at the request of the competent Authorities;
- Guests, pet owners, are responsible for the well-being, control and supervision of their pet and are liable for damage or injury to people, other animals and things caused by the animal itself, even if it was lost or fled. This responsibility also extends to those who, although not the owner, have it with them or have it in custody (responsible holder). The dog must be entrusted only to people who are able to manage it correctly; it is necessary to know the physical and ethological characteristics of your pet;
- It is necessary that the Guests, pet owners, know the current rules to be respected; they are required to make sure their pet behaves well with both people and other animals. Pets must never be left unattended, but always with their respective owners in order not to disturb other Guests, thus promoting civil coexistence. The Management relieves itself of any responsibility in this sense;
- Pets are not allowed in common places, such as swimming pool, bathrooms, changing rooms, Turkish bath, relaxation room etc. we therefore ask Guests, pet owners, to strictly observe this prohibition. The area assigned to them will be shown, upon arrival, by the staff of the Estate to the Guests and the same must be the only one, where the dogs will be able to move freely, but always on a leash and under the control of their owners;
- The apartments, to which the pets will have access, are located on the ground floor and only one small pet (up to 15 kg) will be allowed per apartment;
- Pets will never sleep on beds, sofas or on the linen supplied by the Estate, but only and exclusively in their kennel brought with them by their owners;
- Pets must never be washed using the toilets, both common ones and those inside the apartments. An area, used for their washing, will be shown, upon arrival, by the staff of the Estate to the Guests, pet owners;
- Pets must never be fed using the equipment made available in the apartments (pots, plates, pans etc.).

The Management trusts in the respect, in the sense of civilization and responsibility of the kind Guests, pet owners, and relieves itself of any damage caused to people or things owned by others and deriving from the failure to observe these regulations.
